## VORWORT.

---

Die Sammlung altägyptischer Texte, welche wir unter dem Titel: *Recueil de monuments égyptiens* veröffentlicht haben, findet eine werthvolle Fortsetzung zunächst in den folgenden 2 Bänden, in welchen unser Freund und Landsmann Herr Dümichen eine Anzahl der von ihm während seiner Reise gesammelten geographischen Inschriften zusammengestellt hat.

Bereits in der Zeitschrift für Aegyptische Sprache und Alterthumskunde habe ich an verschiedenen Stellen auf die Wichtigkeit einiger dieser Texte hingewiesen und ich habe mich nach meiner Uebersiedelung auf ägyptischen Boden in Folge officiellen Berufes beim Zusammentreffen mit unserem reisenden Landsmanne durch eigenen Angenschein überzeugen können, dass seine Mappen ein so reiches, neues und die ägyptischen Studien förderndes Material enthalten, dass deren Veröffentlichung so bald als möglich gewünscht werden muss.

Einen nicht unbedeutenden Theil desselben dankt die Wissenschaft den grossartigen Ausgrabungen, durch welche auf Befehl S. H. des Vice-Königs von Aegypten die bisher in Schutt begrabenen Monumente des Nilthales gänzlich freigelegt und somit nach den edlen Absichten Seiner Hoheit der Wissenschaft und ihren begeisterten Jüngern zugänglich gemacht worden sind.

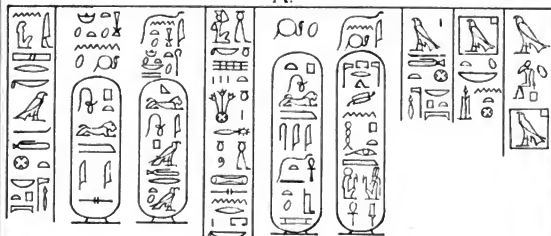

Den Text zu sämtlichen geographischen Inschriften wird Hr. Dümichen mit dem 4ten Bande erscheinen lassen.

Cairo, im März 1865.

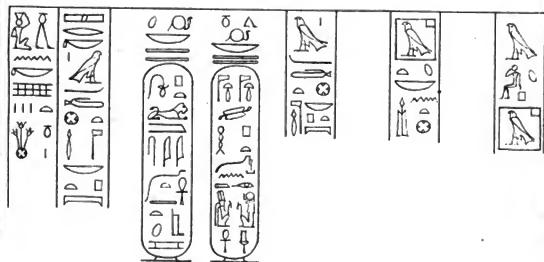

Heinrich Brugsch.
